Date: 4/1/2014 Status: Inspection Author: Martin, Russell

Updated Oil Volume:

Updated Salt Water Volume:

Updated Other Volume:

Updated Other Contaminant

Notes:

4/1/2014 at 17:06, on location. Fire appears to have been among the 400 bbl tanks. Scorched scoria within the secondary containment, but no visible burn marks or staining on vegetation off the well pad. Awaiting call from report contact to confirm location of fire and any release containment.
